NONDISCRIMINATION

Lebanon Community School District prohibits discrimination and harassment on any basis protected by law, including but not limited to, an individual's perceived or actual race, religion, color, national or ethnic origin, mental or physical disability, marital status, sex, sexual orientation¹, age, pregnancy, familial status, economic status, veterans' status or genetic information in providing education or access to benefits of education services, activities and programs in accordance with Title VI, Title VII, Title IX and other civil rights or discrimination issues; Section 504 of the Rehabilitation Act of 1973, as amended; the Americans with Disabilities Act; and the Americans with Disabilities Act Amendments Act of 2008, Title II of the Genetic Information Nondiscrimination Act of 2008.

Coordination of compliance with these legal requirements is handled by the District Office. For additional information and/or compliance issues, please contact (541) 451-8511.

DISTRICT VISION, MISSION AND CORE VALUES

Our Vision: Pursuing excellence for every student, every day

Our Mission: In partnership with the community, we provide exceptional opportunities to continuously and rigorously challenge all students to excel as learners, thinkers and leaders.

Core Values:	Choose to care.	Never give up.
	What I do matters.	Do what is right.
	Find a way or make one.	Every minute counts.
	Work hard. Be nice.	Provide hope.
	Every child. Every day.	Whatever it takes.

¹ "Sexual orientation" means an individual's actual or perceived heterosexuality, homosexuality, bisexuality or gender identity, regardless of whether the individual's gender identity, appearance, expression or behavior differs from that traditionally associated with the individual's sex at birth.

ADMISSION

A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact their boundary school office for admission requirements.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons laws and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

Alternative education services may not be provided to students expelled from another school district for violation of applicable state or federal weapons laws and who subsequently become a resident of the district.

While parents have the option of placing their students in a private school or obtaining additional services, such as tutoring, from a private individual or organization, the district is not obligated to cover resulting tuition or costs. If a parent wishes the district to consider a publicly-funded private placement or private services, the parent must give the district notice and opportunity to propose other options available within the public school system before the private placement or services are obtained.

A parent(s) of any student receiving regular education, Section 504 of the Rehabilitation Act of 1973 or Individuals with Disabilities Education Act (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the parent's intent to obtain private services, the parent's rejection of the educational program offered by the district and the parent's request that the private services be funded by the district. Failure to meet these notice requirements may result in a denial of any subsequent reimbursement request.

ALTERNATIVE EDUCATION PROGRAMS

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or

instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district may, based on district criteria, provide alternative education programs for students expelled for violation of applicable state or federal weapons laws.

IN-DISTRICT ALTERNATIVE EDUCATION PROGRAMS

Examples of alternative education program options are not limited to, but include:

- Ralston Academy
- Small Group Tutoring
- Social Emotional Learning Classrooms
- One-on-one tutoring
- Shortened day
- Credit recovery at Lebanon High School
- Summer school
- Beyond LHS Expanded Options Program
- Beyond LHS Post Graduate Scholars Program
- General equivalency program (GED)

Parents may request additional in-district alternative education programs by submitting written requests to the building principal.

NON-DISTRICT ALTERNATIVE EDUCATION PROGRAMS

- Instructional activities provided by other accredited institutions
- Community college
- Others as approved by the District

The district pays the alternative education program cost or an amount equal to 80 percent of the district's estimated current year's average per student cost, whichever is less, for placing students in non-district alternative education programs. The student's placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semiannual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program.

ALTERNATIVE EDUCATION PROGRAMS – ESTABLISHMENT

Proposals from parents or students for the establishment of an alternative education program shall be submitted in writing to the superintendent or designee.

“Alternative education program” means a school or separate class group designed to best serve students’ educational needs and interests and assist students in achieving the academic standards of the district and the state.

Proposals for alternative education programs shall include the following:

1. Goals;
2. Criteria for enrollment;
3. Proposed budget;
4. Staffing;
5. Location;
6. Assurance of nondiscrimination.

Proposals must be submitted to the superintendent or designee prior to November 1 for programs to be implemented the following school year. Proposals will be reviewed by the district. Contact the building principal or district office for additional information on submitting proposals, the evaluation and approval process.

ALTERNATIVE EDUCATION NOTIFICATION

Individual notification to students and parents regarding the availability of alternative education programs will be given semi-annually or when new programs become available under the following situations, as appropriate:

1. When two or more severe disciplinary problems occur within a three-year period (Severe disciplinary problems will be defined in the Student Code of Conduct);
2. When attendance is so erratic the student is not benefitting from the educational program (Erratic attendance will be defined on a case-by-case basis.);
3. When an expulsion is being considered;
4. When a student is expelled;
5. When a student’s parent or emancipated student applies for exemption from attendance on a semi-annual basis.

Individual notification shall be hand-delivered or sent by certified mail. Parents shall receive individual notification prior to an actual expulsion.

Notification shall include:

1. The student’s action;
2. A list of alternative education programs for the student;
3. The program recommendation based upon the student’s learning styles and needs;

4. Procedures for enrolling the student in the recommended program.

The district is not required to provide alternative education programs for students expelled for violations of applicable state or federal weapon laws.

ANIMALS IN DISTRICT FACILITIES

Only service animals, as defined in the Americans with Disabilities Act, serving persons with a disability and animals approved by the superintendent that are part of an approved district curriculum or co-curricular activity are allowed in district facilities.

Animals, except those service animals serving persons with a disability, may not be transported on a school bus.

ASBESTOS

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

Paula Shoulders and Zach Schuh serve as the district's asbestos program managers and may be reached for additional information.

ASSESSMENT PROGRAM

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education.

Students may opt-out of the statewide summative assessments as provided by state law. The district shall provide the required notice and necessary forms for opting-out of the statewide assessments to the student. The district shall provide supervised study time for students who are excused from participating in the assessment.

ASSIGNMENT OF STUDENTS TO SCHOOLS

Students are required to attend the school in the attendance area in which they reside, unless as otherwise provided by state and federal law.

OPEN ENROLLMENT

Exceptions to attending the school in the attendance area in which the student resides may be allowed in certain circumstances. Contact the school office or district office for additional information on open enrollment to a school other than your boundary school. The deadline for open enrollment applications is June 1.

ATTENDANCE

All students between the ages of 6 and 18, who have not completed Grade 12, are required to regularly attend a public fulltime school, unless otherwise exempted by law. Staff will monitor and report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly.

The district will notify the parent, in writing and in the native language of the parent, that, in accordance with law, the attendance officer will schedule a conference with the nonattending student and his/her parent(s) to discuss attendance requirements. At this time the parent has the right to request an evaluation to determine if the student should have an individualized education program (IEP) or a review of the student's current IEP.

Any person having legal control of a student between the ages of 6 and 18, who has not completed the 12th grade, and who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

ABSENCE AND EXCUSES

When returning to school after an absence, a student must bring, on the date of return, a note signed by the parent that describes the reason for the absence. Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;

6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a parent or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the parent or guardian. If the parent or guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day, must bring a note from his/her parent. A student who becomes ill during the school day should, with the teacher's permission, report to the school office and/or school nurse. The school office and/or school nurse will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment.

Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason will not be allowed to participate in school-related activities on that day or evening.

EXEMPTIONS FROM COMPULSORY ATTENDANCE

The school may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor provided the student is:

1. Employed full-time;
2. Employed part-time and enrolled in school part-time;
3. Enrolled in a community college or other state-registered alternative education program.

All such requests must be submitted in writing to the building principal and include documentation of the student's employment by the employer, or enrollment status by the school. The school requires notification should the student's employment or enrollment status be terminated.

Requests will be considered only following a conference with the student and parent or emancipated student and a review of credits earned for graduation, grades, disability, if applicable, standardized assessment results, teacher evaluations, counselor appraisal, immediate plans, short-range and career goals and any other pertinent information.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available.

Exemptions will be granted for a limited time only, must be renewed on a semi-annual basis and will be reviewed by the school no later than the second week of each semester.

Parents will be notified of the need to reapply for an exemption no later than the second week of each semester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

SUSPENSION OF DRIVING PRIVILEGES

Students who fail to maintain regular enrollment in school may have either their driving privileges suspended or the right to apply for driving privileges suspended. The superintendent or designee may, under ORS 339.257, notify the Oregon Department of Transportation (ODOT) of the withdrawal of a student who is at least 15 years of age and under 18 years of age. Upon notice by the district that a student has withdrawn from school, ODOT shall notify the student that driving privileges will be suspended on the 30th day following the date of notice unless the student presents documentation that complies with ORS 807.066.

A student shall be considered to have withdrawn from school if the student has more than 10 consecutive days of absences.

The student has a right to appeal the superintendent/designee's or Board's decision through district suspension/expulsion due process procedures.

TRUANCY

A student who is absent from school or from any class without permission may be considered truant and will be subject to disciplinary action including detention, suspension, ineligibility to participate in athletics or other activities and/or loss of driving privileges.

CLUBS AND ORGANIZATIONS

Student clubs and performing groups such as the band, choir, rally, dance, drama and athletic teams may establish rules of conduct – and consequences for misconduct – that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization.

Voluntary student-organized clubs which are not curriculum related may meet on school premises during non-instructional time with approval of the building principal.

COMMUNICABLE DISEASES

Parents of a student with a communicable or contagious disease are asked to telephone the building principal so that other students who have been exposed to the disease can be alerted. A student with certain school-restrictable diseases is not permitted to attend school while the disease is contagious. This restriction is removed by the written statement of the physician, physician assistant, nurse practitioner, local health department nurse or school nurse that the disease is no longer communicable to others in the school setting. The restriction may be removed by a school nurse for the following: chickenpox, cholera, diphtheria, measles, meningitis, mumps, whooping cough, plague, rubella, scabies, staph infections, strep infections, tuberculosis and pandemic flu. Parents with questions should contact the school office.

COMPUTER USE

Students may be permitted to use the district's electronic communications system for personal use, in addition to official district business consistent with Board policy, the general use prohibitions/guideline/etiquette and other applicable provisions set forth in administrative regulations.

The district's electronic communications system meets the following federal Children's Internet Protection Act (CIPA) requirements:

1. Technology protection measures have been installed and are in continuous operation to protect against internet access by both adults and students to visual depictions that are obscene, child pornography or with respect to the use of the computers by students, harmful to students;
2. Educating minors about appropriate online behaviors, including cyberbullying awareness and response, and interacting with other individuals on social networking sites and in chat rooms;
3. The online activities of students are monitored;
4. Access by students to inappropriate matter on the Internet and World Wide Web is denied;
5. Procedures are in place to help ensure the safety and security of students when using email, chat rooms and other forms of direct electronic communications;
6. Unauthorized access, including so-called "hacking" and other unlawful activities by students online is prohibited;
7. Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
8. Measures designed to restrict students' access to materials harmful to students have been installed.

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in the district's information system are the district's property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited.

To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district's system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district's system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned e-mail system.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials.

CONDUCT

Students are responsible for conducting themselves properly, in accordance with the policies and administrative regulations of the district, school rules and the lawful direction of staff. The district has the responsibility to afford students certain rights as guaranteed under federal and state constitutions and statutes.

STUDENT CODE OF CONDUCT

The district has authority and control over a student at school during the regular school day, at any school-related activity, regardless of time or location and while being transported in district-provided transportation.

Students are subject to discipline for conduct while traveling to and from school, at the bus stop, at school-sponsored events, while at other schools in the district and while off campus, whenever such conduct causes a substantial and material disruption of the educational environment or the invasion of the rights of others.

Students will be subject to discipline including detention, suspension, expulsion, denial and/or loss of awards and privileges and/or referral to law enforcement officials for the following, including but not limited to:

1. Assault;
2. Hazing, harassment, intimidation, bullying, menacing, cyberbullying or teen dating violence, as prohibited by Board policy JFCF – Hazing/Harassment/Intimidation/Bullying/Menacing/ Cyberbullying/Teen Dating Violence/Domestic Violence - Student, and accompanying administrative regulation;
3. Coercion;

4. Violent behavior or threats of violence or harm as prohibited by Board policy JFCM - Threats of Violence;
5. Disorderly conduct, false threats and other activity causing disruption of the school environment;
6. Bringing, possessing, concealing or using a weapon as prohibited by Board policy JFCJ - Weapons in the Schools;
7. Vandalism, malicious mischief and theft, as prohibited by Board policies ECAB – Vandalism, Malicious Mischief or Theft, including willful damage or destruction of district property; or to private property on district premises or at district-sponsored activities;
8. Sexual harassment as prohibited by Board policy JBA/GBN - Sexual Harassment and accompanying administrative regulation;
9. Possession, distribution, or use of tobacco products, inhalant delivery systems, alcohol or drugs or other controlled substances, including drug paraphernalia as prohibited by Board policy JFCG/JFCH/JFCI - Use of Tobacco Products, Alcohol, Drugs or Inhalant Delivery Systems;
10. Use or display of profane or obscene language;
11. Disruption of the school environment;
12. Open defiance of a teacher’s authority, including persistent failure to comply with the lawful directions of teachers or school officials;
13. Violation of district transportation rules;
14. Violation of law, Board policy, administrative regulation, school or classroom rules.

With regard to harassment, intimidation, menacing, coercion, threats of violence or harm, weapons law violations and in accordance with Oregon law, the superintendent may request that the driving privileges of the student, or the right to apply for driving privileges, be suspended for no more than one year for any student who has been expelled for bringing a weapon to school or suspended or expelled at least twice for assaulting or menacing a district employee or another student, for willful damage or injury to district property or for use of threats, intimidation, harassment or coercion against a district employee or another student; or the student has been suspended or expelled at least twice for possessing, using or delivering any controlled substance or for being under the influence of any controlled substance at a school or on school property or at a school-sponsored activity, function or event.

A second such request for a subsequent violation may result in suspension of driving privileges or the right to apply for driving privileges until the student is age 21. A meeting with the parent or guardian will be held prior to submitting such request to ODOT. A student may appeal district decisions regarding driving privileges under established due process procedures for suspensions and expulsions.

Additionally, regarding weapons, under state and federal law, expulsion from school is required for a period of not less than one year for any student who is determined to have brought, possessed, concealed or used a firearm on school property or at a school sponsored activity. The superintendent may modify the expulsion requirement for a student on a case-by-case basis. Additionally, in accordance with Oregon law, any person who intentionally possesses a firearm, unless the person possesses a valid license under ORS 166.291 and 166.292, or other dangerous

weapon in or on district property or recklessly discharges a firearm in school is subject to criminal prosecution, a maximum five years imprisonment, a fine and forfeiture of firearm and/or other dangerous weapon or both. Any person 13 to 17 years of age convicted of intentionally possessing a firearm in a public building is subject to denial of driving privileges for 90 days.

In regard to tobacco, alcohol or drugs, and in accordance with Oregon law, any person under age 21 possessing a tobacco product or an inhalant delivery system commits a Class D violation and is subject to a court-imposed fine, as provided by ORS 167.785. Any person who distributes, sells or allows to be sold, a tobacco product in any form, a tobacco-burning device or an inhalant delivery system, to a person under 18 years of age commits a Class A violation and is subject to a fine, as provided by ORS 163.575. An unlawful drug is any drug not prescribed by a licensed medical practitioner. Unlawful delivery of a controlled substance to a student or minor within 1,000 feet of district property is a Class A felony, as provided by ORS 475.904.

“Dangerous weapon” is defined by Oregon law as any weapon, device, instrument, material or substance which, under the circumstance in which it is used, attempted to be used or threatened to be used, is readily capable of causing death or serious physical injury.

“Deadly weapon” is defined as any instrument, article or substance specifically designed for and presently capable of causing death or serious physical injury.

“Firearm” is defined by federal law as any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive. This includes the frame or receiver of any such weapon or firearm, muffler or silencer, or any destructive device.

“Destructive device” is defined as any explosive, incendiary or poison gas component or any combination of parts either designed or intended for use in converting any device into a destructive device or from which a destructive device may be readily assembled. A destructive device does not include any device which is designed primarily or redesigned primarily for use as a signaling, pyrotechnic, line-throwing, safety or similar device.

In accordance with the federal Gun-Free School Zone Act, possession or discharge of a firearm in a school zone is prohibited. A “school zone” as defined by federal law means, in or on school grounds or within 1,000 feet of school grounds.

STUDENT RIGHTS AND RESPONSIBILITIES

Among these student rights and responsibilities are the following:

1. Civil rights, including the right to equal educational opportunity and freedom from discrimination, the responsibility not to discriminate against others;
2. The right to attend free public schools, the responsibility to attend school regularly and to observe school rules essential for permitting others to learn at school;

3. The right to due process of law with respect to suspension, expulsion and decisions which the student believes injure his/her rights;
4. The right to free inquiry and expression, the responsibility to observe reasonable rules regarding these rights;
5. The right to assemble informally, the responsibility to not disrupt the orderly operation of the educational process, nor infringe upon the rights of others;
6. The right to privacy, which includes privacy in respect to the student's education records;
7. The right to know the behavior standards expected, the responsibility to know the consequences of misbehavior.

CONFERENCES

Regular conferences are scheduled annually in the fall and spring to review student progress.

Students and parents may also expect teachers to request a conference: (1) if the student is not maintaining passing grades or achieving the expected level of performance; (2) if the student is not maintaining behavior expectations; or (3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or principal. A parent who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher's preparation period or request that the teacher call the parent to arrange a mutually convenient time.

COUNSELING

ACADEMIC COUNSELING

Students are encouraged to talk with a district counselor, teachers and building administrators in order to learn about the curriculum, course offerings and graduation requirements. All students in grades 9-12 and their parents shall be notified annually about the recommended courses for students. Students who are interested in attending a college, university or training school, or pursuing some other advanced education, should work closely with their counselor so that they may take the courses that will best prepare them for further work. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

PERSONAL COUNSELING

A counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, alcohol, or tobacco dependency. The counselor may also make available information about community resources to address personal concerns. Contact your school office or school counselor for more resources.

CREDIT BY EXAMINATION

A student who has had sufficient prior formal instruction, as determined by the district and on the basis of a review of the student's educational records, may gain credit for a course by passing an examination designed to measure proficiency or mastery of identified standards (knowledge and skills). A student may not use credit by examination to regain eligibility to participate in extracurricular activities.

CREDIT FOR PROFICIENCY

In addition to credit by completing classroom or equivalent work in a course, a student may receive credit toward a diploma or a modified diploma by one or more of the following options:

1. Classroom or equivalent work that meets Common Curriculum Goals and academic content standard required by OAR 581-022-2030;
2. Classroom or equivalent work;
3. Passing an appropriate exam;
4. Providing a collection of work or other assessment evidence; and/or
5. Providing documentation of prior learning experiences.

DAMAGE TO DISTRICT PROPERTY

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. The district will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and certain penalties and/or restrictions may be imposed. See Fees, Fines and Charges.

DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that uses approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

To mitigate disciplinary action for drug- and alcohol-related offenses sent to expulsion hearing, for a first offense a student may be allowed to voluntarily complete a drug and alcohol diversion program at parent's expense in lieu of expulsion, as approved by the superintendent, hearings officer or designee and the student's parent. If the parent/student agree(s) to the diversion program, the student may be readmitted to school after arrangements for the program are verified by the superintendent, hearings officer or designee and completion of the terms of the mitigated district-imposed discipline. Failure to complete the program will result in imposition of the unmitigated terms of the original disciplinary action.

DETENTION

A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.

DISCIPLINE OF STUDENTS WITH DISABILITIES

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a student without disabilities, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year, for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

EXPULSION

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy; or c) when required by law.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

SUSPENSION

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which damages or injures district property.

The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

DISTRIBUTION OF MATERIAL

All aspects of K-8 school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval. Generally, high school student journalists have the right to exercise freedom of speech and of the press in school-sponsored media. School-sponsored media prepared by student journalists are subject to reasonable time, place and manner restrictions pursuant to state and federal law.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a nonstudent without the approval of the administration.

Materials not under the editorial control of the district may be subject to administrative review, restricted or prohibited, based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written, inadequately researched, is biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias. Materials include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction for approval of the district.

The district may designate the time, place and manner for distribution.

If material is not approved within 24 hours of the time that it was submitted, it must be considered disapproved.

Disapprovals may be appealed by submitting the disapproved materials to the superintendent; material not approved by the superintendent within three days is considered disapproved. This

disapproval may be appealed to the Board at its next regular meeting when the individual shall have a reasonable period of time to present his/her viewpoint.

DRESS AND GROOMING

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the building principal and may be denied the opportunity to participate if those standards are not met.

Obscene, lewd and/or sexually or suggestive statements or pictures on clothing are considered disruptive and not allowed on school premises. Insufficient covering such as jeans with holes in inappropriate places, short shorts, skirts, halter tops, crop tops, or bare midriffs will not be allowed. Pants are to be worn above the hips and are not allowed to sag. Clothing that advertises or gives reference to alcohol, drugs, tobacco, violence or anarchy is prohibited. Shoes or sandals must be worn at school and school activities. Additional dress code standards may be set in individual school handbooks.

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM

The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products and inhalant delivery systems are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Students in violation of the district's policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

Parents are encouraged to contact the school or counseling office for information on district and community resources available to assist students in need.

EMERGENCY DRILLS – FIRE, EARTHQUAKE, SAFETY THREATS, AND OTHER EMERGENCY DRILLS

Instruction on fire, earthquake, safety threats dangers and drills for students shall be conducted for at least 30 minutes each school month.

At least one fire drill, which include routes and methods of exiting the school building, will be conducted each month for students in grades K-12. At least one fire drill will be conducted within the first 10 days of the school year.

At least two drills on earthquakes and two drills for safety threats for students will be conducted each year for students in grades K-12. Drills and instruction on safety threats shall include procedures related to lockdown, lockout, shelter in place and evacuation and other actions to take when there is a threat to safety.

A map/diagram of the fire escape route to be followed is posted near all classroom doorways and reviewed with students. When the fire alarm is sounded, students must follow the direction of staff quickly, quietly and in an orderly fashion.

EMERGENCY MEDICAL TREATMENT

A student who becomes ill or is injured at school must notify his/her teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.

EMERGENCY SCHOOL CLOSING INFORMATION

In case of hazardous or emergency conditions, the superintendent may alter district and transportation schedules, as are appropriate to the particular condition. Such alterations include closure of all schools, closure of selected schools or grade levels, delayed openings of schools and early dismissal of students.

Parents will be notified through the FlashAlert system and School Messenger of emergency conditions and related alterations to the district or transportation schedules. Register for FlashAlert at <http://www.flashalert.net/signup/>.

FEES, FINES, AND CHARGES

Materials that are part of the basic educational program are provided without charge to a student. A student is expected to provide his/her own supplies (e.g., pencils, paper, erasers and notebooks) and may be required to pay certain other fees or deposits, including:

1. Club dues;
2. Security deposits;
3. Materials for a class project the student will keep in excess of minimum course requirements and at the option of the student;
4. Personal physical education and athletic equipment and apparel;
5. Voluntary purchases of pictures, publications, class rings, graduation announcements, etc.;
6. Student accident insurance and insurance on school-owned instruments;
7. Instrumental rental and uniform maintenance;
8. Student body fees and student identification cards;
9. Fees for damaged library books and school-owned equipment;

As permitted by law, schools may charge a deposit on a one-time or annual basis as security against lost or damaged school or district property.

Deposits may not exceed \$25 per year per student, due at any time during the year upon registration of the student in the school.

The entire deposit, less any fines or charges for loss or damage, will be refunded upon withdrawal from the school. Deposit amounts not claimed within sixty (60) days of withdrawal may be retained by the District.

STUDENT BODY FEES

Schools may issue a student body card to enrolled students for identification and security purposes. There will be no charge for this card.

Schools may collect a student body fee of up to \$25 per year, per student, for purposes of funding enrichment activities, such as field trips or special school assemblies or presenters. Schools must notify parents that this is an optional fee which parents may contribute as a means of providing enrichment activities for the entire student body. Students will not be denied participation in any such activities on the condition of payment of this fee.

The high school will charge an optional activity fee of \$40 per year (\$20 if purchased after January 1) for those students wishing to receive free or reduced admission costs to specific athletic or activity events.

Student body fees and high school activity fees are not refundable.

OTHER OPTIONAL FEES

This category includes numerous types of services, products, or benefits which schools may choose to offer separately or in addition to the regular education program. None of these fees shall be required as a condition of enrollment or for participation and benefit in any of the regular education program.

These fees may include, but not be limited to the following:

- Athletic Participation Fees
- Annual or Yearbook Fee
- Extra-Curricular Club Dues or Fees
- High School Parking Permit
- Fees for materials for projects or items made in school and retained by the student.

No fee may be charged for a required project if the student chooses not to retain the finished product(s). Except as provided above or as determined by the Superintendent, schools may determine the fees or charges in this category. Once paid, fees or charges in this category are not refundable unless specified in advance by the school.

NOTIFICATION AND COLLECTION

A written notice will be provided to the student and his/her parent(s) of the district's intent to collect fees, fines and damages owed. Notice will include the reason the student owes money to the district, and itemization of the fees, fines or damages owed and the right of the parent to request a hearing.

Debts not paid within 10 calendar days of the district's notice to the student and parent will result in possible restrictions and/or penalties, until the debt is paid, and possible referral of the debt to a private collection agency or other methods available to the district.

A request to waive the student's debt must be submitted in writing to the principal or designee. Fees, fines and charges owed to the district may be waived at the discretion of the principal or designee if:

1. The district determines that the parent of the student is unable to pay the debt;
2. The payment of the debt could impact the health or safety of the student;
3. The creation of the notice of the debt owned would cost more than the potential total debt collected relating to the notice;
4. There are mitigating circumstances as determined by the principal or designee that preclude the collection of the debt.

Such requests must be received no later than 10 calendar days following the district's notice.

All such restrictions and/or penalties shall end upon payment of amount owed.

FIELD TRIPS

Field trips may be scheduled for educational, cultural or other extracurricular purposes. All students are considered to be "in school" while participating in district-sponsored field trips. This means students are subject to the school's student conduct rules, applicable Board policy and such other rules as may be deemed appropriate by the field trip supervisor.

FLAG SALUTE

Students shall receive instruction in respect for the national flag and will be provided an opportunity to salute the United States flag at least once a week by reciting The Pledge of Allegiance.

Individual students who do not participate in the salute must maintain a respectful silence during the salute.

FOREIGN EXCHANGE STUDENTS

The school may enroll a maximum of 7 students from other nations from those exchange programs that are officially recognized by the Board.

Admission of exchange students will be made only at the beginning of a semester. All arrangements for admission in the fall semester must be concluded by August 30, prior to the beginning of the school term.

Foreign exchange students admitted to school under an F-1 Visa status will be required to pay tuition as required by law and at the rate established by the Board. Exchange students attending school under a J-1 Visa will be granted tuition waivers.

Foreign exchange students may be awarded an honorary high school diploma upon satisfactory completion of the school's prescribed course of study.

FUNDRAISING

Student organizations, clubs or classes, athletic teams, outside organizations and/or parent groups may occasionally be permitted to conduct fundraising drives.

All funds raised or collected by or for school-approved student groups will be receipted, deposited and accounted for in accordance with Oregon law and applicable district policy and procedures. All such funds will be expended for the purpose of supporting the school's extracurricular activities program. The Director of Business and building principal are responsible for administering student activity funds. The student business manager or treasurer serves as the student government representative in administration of student activity funds.

Activities concerned with fund raising for charitable or other causes not relating to school activities may not be carried on without prior approval of the building principal or the superintendent.

GANGS

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities and a student's ability to meet curriculum and attendance requirements.

A gang is defined as any group that identifies itself through the use of a name, unique appearance or language, including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity.

In an effort to reduce gang involvement, the district encourages students to become involved with district-sponsored clubs, organizations and athletics and to discuss with staff and district officials the negative consequences of gang involvement and to seek the assistance of counselors for additional guidance and district and community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge or any other such symbol evidencing gang membership or affiliation. No student shall use any speech, either verbal or nonverbal (gestures, handshakes, etc.) signifying gang membership or affiliation. No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies.

Students in violation of the district's gang policy will be subject to discipline in accordance with the district's Student Code of Conduct.

GRADE REDUCTION/CREDIT DENIAL

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on nonattendance due to religious reasons, a student's disability or an unexcused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

GRADUATION EXERCISES

Students in good standing who have successfully completed the requirements for a high school diploma, a modified diploma, an extended diploma or an alternative certificate may participate in graduation exercises. Students who have not met the district's diploma or certificate requirements will not be permitted to take part in the district's graduation exercises unless students are working under an approved delayed graduation plan. Additionally, students may be denied participation in graduation exercises for violation of Board policies, administrative regulations or school rules.

The valedictorian(s), salutatorian(s) or others may be permitted to speak as part of the graduation exercise program at the discretion of the building principal or designee. All speeches will be reviewed and approved in advance by the building principal or designee.

GRADUATION DIPLOMA REQUIREMENTS

The Board establishes graduation requirements for the awarding of a high school diploma, a modified diploma, an extended diploma and an alternative certificate, which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years if consent is received by the student's parent or guardian or by the student if he/she is 18 years of age or older or emancipated.

Students will have onsite access to the appropriate resources to achieve a diploma, a modified diploma, an extended diploma or an alternative certificate at each high school. The district provides age appropriate and developmentally appropriate literacy instruction to all students until graduation.

The district may not deny a student, who has the documented history of an inability to maintain grade level achievement due to significant learning and instructional barriers, or of a medical condition that creates a barrier to achievements, the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or the extended diploma is awarded. A student who is emancipated or has reached the age of 18 at the time the modified diploma or extended diploma is awarded may sign the consent.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in either 4 years after starting the ninth grade, or until the student reached the age of 21, if the student is entitled to a public education until the age of 21 under state or federal law.

A student may satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years but not less than three years. In order to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years, the student's parent or guardian or a student who is emancipated or has reached the age of 18, must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21. A copy of the consent will be forwarded to the district superintendent who will annually report to the Superintendent of Public Instruction the number of such consents.

Beginning in grade five when a student is taking an alternative assessment or after a documented history to qualify for a modified diploma, an extended diploma or an alternative certificate has been established, the district will annually provide to the parents or guardians of the student, information about the availability and requirements of a modified diploma, an extended diploma and an alternative certificate.

A student who qualifies to receive or receives a modified diploma, an extended diploma or an alternative certificate will have the option of participating in a high school graduation ceremony with the student's class.

A student who received an extended diploma or an alternative certificate shall have access to individually designed instructional hours, hours of transition services and hours of other services that equals at least the total number of instructional hours that is required to be provided to students who are attending a public high school, as determined by the individualized education program (IEP) team.

A student who has received a modified diploma shall continue to have access to individually designed instructional hours, hours of transition services and hour of other service that are designed to meet the unique needs of the student. (A student who received a modified diploma prior to July

1, 2018, shall continue to have access to instructional hours, hours of transition services and hours of other services that are designed to meet the unique needs of the student.)

The district will award to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternate certificate or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, an extended diploma or an alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

The district may not deny a diploma to a student who has opted out of the statewide assessment if the student is able to satisfy all other requirements for the diploma. Students who opt-out will need to meet the Essential Skills graduation requirement using another approved assessment option.

Students and their parents will be notified of graduation and diploma requirements through the high school curriculum guide.

ESSENTIAL SKILLS

The district will allow English Language Learner (ELL) students to demonstrate proficiency in the Essential Skills of Apply Mathematics, in a variety of settings, in the student's language of origin for those ELL students who by the end high school:

1. Are on track to meet all other graduation requirements; and
2. Are unable to demonstrate proficiency in the Essential Skills in English.

The district will allow ELL students to demonstrate proficiency in Essential Skills other than Apply Mathematics, in a variety of settings, in the student's language of origin for those ELL students who by the end high school:

1. Are on track to meet all other graduation requirements;
2. Are unable to demonstrate proficiency in the Essential Skills in English;
3. Have been enrolled in a U.S. school for five years or less; and
4. Have demonstrated sufficient English language skills using the English Language Proficiency Assessment for the 21st Century (ELPA21).

The district will develop procedures to provide assessment options as described in the Essential Skills and Local Performance Assessment Manual, in the ELL student's language of origin for those ELL students who meet the criteria above, and will develop procedures to ensure that

locally scored assessment options administered in an ELL student's language of origin are scored by a qualified rater.

STAFF SEXUAL CONDUCT WITH STUDENTS

Sexual conduct by district/school employees as defined by Oregon law will not be tolerated. All district employees are subject to this policy.

“Sexual conduct” as defined by Oregon law is any verbal or physical [or other] conduct by a school employee that is sexual in nature; directed toward a kindergarten through grade 12 student; unreasonably interferes with a student’s educational performance; and creates an intimidating, hostile or offensive educational environment. The definition for sexual conduct does not include behavior that would be considered abuse of a child as outlined by Oregon law and district Board policy JHFE and JHFE-AR – Reporting of Suspected Abuse of a Child.

The district will post in each school building the name and contact information of the person designated to receive sexual conduct reports, as well as the procedures the superintendent or designee will follow upon receipt of a report. In the event the designated person is the suspected perpetrator, the Director of Human Resources, Superintendent, or Board Chair shall receive the report. When the superintendent or designee takes action on the report, the person who initiated the report must be notified.

The district will provide annual training to district employees, parents and student regarding the prevention and identification of sexual conduct.

STUDENT EDUCATION RECORDS

The information contained below shall serve as the district’s annual notice to parents of minors and eligible students (if 18 years of age or older) of their rights, the location and district official responsible for education records.

At no point will a student's social security number or student identification number be considered directory information.

Memory aids and personal working notes of individual staff members are considered personal property and are not to be interpreted as part of the student's education records, provided they are in the sole possession of the maker.

ACCESS/RELEASE OF EDUCATION RECORDS

By law, both parents, whether married, separated or divorced, have access to the records of a student who is under 18 years of age, unless the district is provided evidence that there is a court order or parenting plan, state statute or legally-binding document relating to such matters as divorce, separation or custody that specifically revokes these rights.

Parents of a minor, or an eligible student (if 18 years of age or older), may inspect and review education records during regular district hours.

PROVISION FOR HEARING TO CHALLENGE CONTENT OF EDUCATION RECORDS

Parents of a minor, or eligible student (if 18 years of age or older), may inspect and review the student's education records and request a correction if the records are inaccurate, misleading or otherwise in violation of the student's privacy or other rights. If the district refuses the request to amend the contents of the records, the requester has the right to a hearing as follows:

An individual who does not have a direct interest in the outcome of the hearing shall preside over the panel. He/She shall hear evidence from the staff and from the parents to determine the point or points of disagreement regarding the education records. The panel shall make a determination after hearing the evidence and determine what steps, if any, are to be taken to correct the education record. Such actions are to be made in writing to the parents.

If, after such hearing is held as described above, the parents are not satisfied with the recommended action, the parents may appeal to the Board where the action of the hearings panel may be reviewed and affirmed, reversed or modified. Procedure for appeal beyond the local Board follows the prescribed actions as set forth in federal regulations. The parent or eligible student may file a complaint with the Federal Family Compliance Office, United States Department of Education regarding an alleged violation of the Family Educational Rights and Privacy Act. File complaints with the Family Policy Compliance Office, US Department of Education, Washington, DC 20202.

A copy of the district's education records policy and administrative regulation may be obtained by contacting the district office.

The district shall retain a copy of the education records that are to be transferred in accordance with applicable Oregon Administrative Rules.

Student report cards, records of diplomas may be withheld for nonpayment of fines or fees. See Fees, Fines and Charges. Records requested by another school district to determine the student's progress may not be withheld.

Certain information about students is considered directory information. Directory information may include, but is not limited to, the student's name, address, phone number, email address, photographs, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended. Unless the parent/legal guardian or student 18 years of age objects to the release of any or all of this information within 15 school days of the date this student handbook was issued to the student, directory information may be released by the District for use by the following list of organizations and programs and for other purposes, as deemed appropriate by the building administrator.

All videotapes used in such disciplinary proceedings will be maintained in accordance with applicable education records laws.

THE FAMILY EDUCATIONAL RIGHTS OF PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

TRANSFER OF STUDENTS

Parents may request a transfer of their student to another school in the district in the event the school the student is attending is identified as persistently dangerous; the student has been a victim of a violent criminal offense in or on the grounds of the school the student attends. The transfer must be to a safe school. Additionally, requests to transfer to another school in the district for other reasons or to a school outside the district may be approved in certain circumstances. Contact a building administrator or the superintendent's office for additional information.

TRANSPORTATION OF STUDENTS

A student being transported on district-provided transportation is required to comply with the Student Code of Conduct. Any student who fails to comply with the student code of conduct may be denied transportation services and shall be subject to disciplinary action.

OUR PHILOSOPHY

We believe that all students can behave appropriately and safely while riding the bus. We will not tolerate students stopping drivers from doing their job or preventing other students from having safe transportation. We believe that all students should be at the bus stop five minutes before scheduled times.

TRANSPORTATION RULES

- A. Students must obey all rules set forth by the State of Oregon per OAR 581-53-010 (Rules Governing Students Riding School Buses). These rules are posted in a conspicuous place in all buses. They are as follows:
1. Students being transported are under authority of the bus driver;
 2. Fighting, wrestling, or boisterous activity is prohibited on the bus;
 3. Students will use the emergency door only in case of an emergency;
 4. Students will be on time for the bus, both morning and evening;
 5. Students will not bring firearms, weapons, or other potentially hazardous material on the bus.
 6. Students will not bring animals, except approved assistance guide animals, on the bus.
 7. Students will remain seated while the bus is in motion;
 8. Students may be assigned seats by the bus driver;
 9. When necessary to cross the road, students will cross in front of the bus or as instructed by the bus driver;

- F. Students must be registered to ride the bus within five school days of receiving the registration card. Failure to comply may result in loss of riding privileges.

BUS VIDEO SURVEILLANCE

Lebanon District school busses are equipped with video surveillance equipment that is used periodically on busses. This video equipment is used to monitor students, staff, and transportation personnel during the operation and travel upon school busses. Information derived from video surveillance may be used for disciplinary actions, criminal referrals, civil actions, and contractual matters. Questions regarding the use of video surveillance should be directed to Director of Transportation.

CITATION PROCEDURES

Citations are to be given to students when they are having behavior problems on the bus and refuse, after verbal warnings, to behave themselves. Citations will not be issued unless students clearly fail to comply with the rules.

Our procedure regarding the issuance of citations is as follows:

1. The driver will let the student know he/she has earned a citation.
2. The driver will write the citation immediately after he/she has finished the bus run.
3. The principal receiving the citation will act in a timely manner, usually within one or two days.
4. A copy of all citations will be mailed to the parent/legal guardian.
5. The parent/legal guardian of a student will be notified of a bus suspension by phone (when possible). Notice of action will also be mailed to the parent/legal guardian.

The severity of the infraction will determine the level of action. The school administrator will assign the appropriate level. The administrator may determine that an in-school suspension may be a more appropriate discipline for minor infractions.

1. First Citation - Warning: The driver verbally restates behavior expectations and issues a warning citation. The driver may assign the student to a particular seat.
2. Second Citation: The student is suspended one day from bus riding privileges
3. Third Citation of the year: The student receives a 3-day suspension.
4. Fourth Citation: Parent conference and a 5-10 day suspension of bus riding privileges.
5. Severe Violations or Fifth Citation: Any severe violation may result in the immediate suspension of the student for a minimum of 10 days, and up to a 1-year expulsion. There will be a hearing at this time, arranged by the transportation supervisor, involving the student, the bus driver, the transportation supervisor, the parent and the principal.

In all instances, the appeal process may be used if the student and/or parent desires.

All citations must be mailed to the parents and contact of the parent by phone.

VEHICLES/BICYCLES ON CAMPUS

Vehicles parked on district property are under the jurisdiction of the district. The district requires that before parking privileges are granted the student must show that he/she holds a valid driver's license, the vehicle is currently registered and that the student driving the vehicle is insured under a motor vehicle liability insurance policy.

In applying for a parking permit, students will be notified that parking on district property is a privilege and not a right. Students will be notified that as a condition of parking on district property, district officials may conduct searches of vehicles upon reasonable suspicion of a policy, rule and/or procedure violation.

Parking privileges, including driving on district property, may be revoked by the building principal or designee for violations of Board policies, administrative regulations or school rules.

Bicycles ridden to school by students must be parked in the designated area on school grounds and should be locked. Students under the age of 16 must wear a helmet as required by law.

Use of skateboards, rollerblades, scooters or similar devices on district property during non-school hours is at the user's risk. Skateboards/Rollerblades/Scooters or similar devices are prohibited on district property during school hours unless special permission is given by the administrator for a specific activity.

The district assumes no liability for loss or damage to personal property, including vehicles, bicycles or skateboards, or for injuries caused in the use of them.

VIDEO SURVEILLANCE

The district may utilize video surveillance for the purpose of protecting persons, property, or materials. The use of this surveillance may include monitoring as well as providing evidence in a criminal, civil, or contractual matter.

VISITORS

Parents and other visitors are encouraged to visit district schools. To ensure the safety and welfare of students, that school work is not disrupted and that visitors are properly directed to the areas in which they are interested, all visitors must report to the office upon entering school property. Photo ID of visitors may be requested. In the absence of photo ID, a visitor may be

denied access to the district facility. The principal will approve requests to visit, as appropriate. Students will not be permitted to bring visitors to school without prior approval of the principal.

STANDARD RESPONSE PROTOCOL

STUDENT SAFETY

A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.

EVACUATE - "To the Announced Location"

SHELTER - "For a Hazard Using a Safety Strategy"
